- **Pronunciation**
- **Definitions**
- **Example Sentences**

Introduction

There are different ways of teaching vocabulary. However, some practices can be more effective than others if they follow certain principles. Students should be encouraged to notice how certain words perform in different contexts, preferably at the level of a text or paragraph. Words don't exist in isolation.

Students' dependence on their first language in clarifying the meaning of English words should be diplomatically discouraged. Understanding the meaning of a certain word in context can often be prevented by word-for-word translation. Therefore, where possible they should use a monolingual (English-English) instead of a bilingual dictionary.

Students should be encouraged to guess the meaning of unknown words where possible and to deduce the principles of vocabulary use in English on their own. This develops their awareness of how words work in context.

Teaching vocabulary should be based on context and teachers should focus on exploring the relationship between words, phrases and the meanings they convey in different contexts. It is possible to design simple vocabulary tasks using authentic texts accompanied with thinking questions or other task types. Before developing a vocabulary task it is necessary to identify the specifications of the task you are going to develop. The book "Word games and activities with answers" may be useful for this purpose.

The activities in this book fall into two categories: *linguistic games* and *communicative games*. In linguistic games, the goal of the game is linguistic accuracy: producing a correct structure, or, in the case of these vocabulary games, remembering the correct word. Communicative games, however, are activities with a goal or aim that is not linguistic. Successful completion of the game will involve the carrying out of a task such as drawing a route on a map, filling in a chart, or finding two matching pictures, rather than the correct production of a structure. However, in order to carry out this task it will be necessary to use language and, by careful construction of the task, it will be possible to specify in advance what language will be required.

These games can be used at all stages of the progression from controlled to free practice, serving at one end of the range as a memory aid and repetition drill, at the other, as a chance to use language freely and as a means to an end rather than an end in itself. They can also serve as a diagnostic tool for the teacher, who can note areas of difficulty and take appropriate remedial action.

78. Mixed Letters – SPORT

A really fun way to review vocabulary at the end of the lesson or the week is to mix up the letters of each word. Write a word or words on the board. The students then race to identify the vocabulary.

stadium	umadsit	captain	apitcan
Team	meat	skill	silkl
athlete	letheat	tournament	utannertom
coach	hocca	medal	meald
competitor	tierompcot	professional	isflopreason
contest	notcset	referee	freeeer
defeat	teafed	spectator	spatterco
league	aeglue	victory	toyvicr
season	anoses	amateur	maature

79. Cards for games – SPORT

These pre-prepared cards can be used for a variety of games and activities.

stadium	captain	stadium	captain
team	skill	team	skill
athlete	tournament	athlete	tournament
coach	medal	coach	medal
competitor	professional	competitor	professional
contest	referee	contest	referee
defeat	spectator	defeat	spectator
league	victory	league	victory
season	amateur	season	amateur

80. Crossword – SPORT

Across
